COVID-19 UPDATE: A MESSAGE TO OUR PARTNERS

Everest Canada's priority is the health, safety, and well-being of our colleagues, broker partners, clients, and communities. As news of the coronavirus COVID-19 continues to develop, we have closed our office at 130 King Street West, Toronto and asked all our colleagues to work from home until further notice.

While our colleagues are working remotely, we do not anticipate any disruption to our day-to-day operations. All of our colleagues have access to email and company applications, and our office phone lines have been forwarded to our mobile phones. We are able to attend online and telephone meetings with our broker partners and clients.

We have business continuity plans in place that are continuously being tested and updated to allow us to operate with as little disruption as possible as we adapt to the realities of this pandemic. Our teams are fully connected and engaged in our business. Please continue to reach out to your usual Everest underwriting and claims contacts. We are open for business, and remain ready to provide exceptional service to our customers and broker partners.

If you have any difficulty reaching an Everest colleague, or if you have any questions about the steps we're taking in response to COVID-19, please reach out to one of the individuals listed below:
